Dear Mr. U.S. Machika

Sir,
Book Assessment Report

Your textbook titled: History of Zuruland and Its People has been thoroughly assessed cover to cover.

The book is an excellent literary work of our time. It is well researched and properly documented. The book came at the time in the history of Lelna as a people whose culture is threatened by acculturation and cultural diffusion, which if such efforts as yours are not done the culture may die an unnatural death.

I salute your courage for taking such a bold step. However, I most respectfully point out my humble comments, observations and suggestions that might technically improve the work, in one way or the other.

Therefore, please kindly find attached the report of the assessment of the great book of our time. I am very proud of you and I am proud to be K'lela. I wish you well.

Yours fellow K'lela
Dr. Sani Dantani Manga
Associate Professor
